

PharmaMOP® GO

Handle & Frame

Hands-free, Fiber-free Cleanroom Mopping

The PharmaMOP® GO Difference

- **Quick Assembly & Disassembly.** Head frame easily slides into the mop head's pockets for fast insertion and disposal of mopheads.
- **Ergonomic Foot-Switch.** Discard mop heads while standing upright. No more touching soiled mops while discarding — No more stooping.
- **Low Profile Design.** A two-direction 360° swivel with a 1.5" low profile design enables unsurpassed access to tight spaces reducing previously uncleanable "dead spots".
- **Superior Handle.** Fully autoclavable, lightweight, aluminum handle extends from 39-65" (99-165cm) making it ideal for use on walls, floors & ceilings.

Features & Benefits

1

Extendable Handle provides efficient cleaning of walls, floors and ceilings.

2

360° Swivel Lock allows for both Figure 8 and Flat Mopping.

3

V-Lock Lever provides easy, quick insertion & disposal of mop heads.

PharmaMOP® GO

Mop Head

Hands-free, Fiber-free Cleanroom Mopping

Sahara+ PharmaMOP® GO Mop Head

- **Advanced Construction.** An absorbent cleanroom foam core is ultrasonically welded between a layer of a non-linting hybrid microfiber and laminated with dual Sahara® Foam Scrubbing Strips for exceptional cleaning.
- **Minimize Surface Microbial Contamination.** Unique mop head materials dislodge, entrap and remove residues and soils while evenly applying disinfectant to meet contact time requirements.
- **Reduce Work Time.** Ultrasonically sealed pockets allow the mop frame to slide into the mop head and be ready-for-use within seconds.
- **Ultimate Compatibility.** Provides efficient cleaning of walls, floors and ceilings. Compatible with bleach, QUAT, peracetic acid, peroxide, and IPA-based cleaning and disinfecting agents.
- **Quality Manufacturing.** Manufactured in an ISO 13485 & ISO 9001 facility on a fully automated fabrication line. Ideal for use in ISO 3-9 cleanrooms. Available gamma irradiated, SAL 10⁻⁶.

Features & Benefits

- 1 Sahara® Foam Scrubbing Strips dislodge contaminants and provides superior abrasion resistance.
- 2 Lint free hybrid microfiber fabric entraps & removes microbial contamination and stubbornly adhered disinfectant residues.
- 3 The combination of Sahara® Foam Scrubbing Strips and Microfiber provide optimal gliding even on high friction, non-skid cleanroom floors.
- 4 Encased Foam core provides high absorbency to evenly apply disinfectants & 70% IPA to enhance cleaning performance and to meet contact times.
- 5 Ultrasonically Sealed Edge provides unsurpassed in-use particulate control.

PharmaMOP® GO

Bucket & V-Bracket

Hands-free, Fiber-free Cleanroom Mopping

PharmaMOP® GO Bucket & V-Bracket

The stainless steel v-bracket inserts into a specially-designed mop bucket enabling a hands-free assembly of the mop head onto the mop frame. In addition, mop heads can be pre-saturated in the bucket for cleaning SOP's that require single-use mop heads.

The bucket and bracket system accommodate up to 12 mop heads. All components are autoclave safe and are designed to be used in ISO Class 3-9 cleanrooms.
